

February 12, 2022 Media Release

Homicide – Update: C22-28173

As previously released:

On February 9, 2022, at approximately 3:40 a.m., members of the Winnipeg Police Service responded to the 200 block of Garry Street, where two people were injured during a shooting.

Officers located an injured adult male and provided him with emergency medical care. He was transported to hospital in stable condition.

A second adult male was dropped off at a hospital and admitted in critical condition and has succumbed to their injuries.

Update:

The deceased victim has been identified as **Abdulwasi AHMED**, a 30-year-old male.

This investigation is continuing by members of the Homicide Unit. Anyone with information that may assist investigators is asked to call the Homicide Unit at 204-986-6508 or Crime Stoppers at 204-786-TIPS (8477).

Statement Regarding Vaccine Mandate Protests – Update

Earlier today, the Winnipeg Police Service deployed additional resources to the area of the Manitoba Legislative Building to keep the peace in response to conflicting protests.

The Winnipeg Police Service would like to thank all participants for their patience and support as we worked to ensure the protection of everyone involved – it is our priority to ensure public safety.

We also strive to balance the right of everyone to freedom of expression and peaceful assembly, as well as the rights of the general public, local residents and businesses to a safe environment.

No charges were laid during the events. Two individuals were detained under the Intoxicated Persons Detention Act for their safety (related to traffic concerns) and were conveyed to a residence where they were turned over to friends.

The Winnipeg Police Service will continue to maintain a full-time presence in the area, and discussions with the organizers of the demonstrations continue. We thank those who reside and work nearby for their continued patience while we work towards a resolution.
